

The coal went in— where's the heat?

AMERICAN & IDEAL
RADIATORS & BOILERS

for Hot-Water or Low-Pressure Steam heating make one lump of coal do the work of two. The unit will burn cheapest soft coal or screenings. It will distribute heat uniformly to all parts of the building, without spouting ashes, soot, smoke, or coal-gases into the living-rooms. The savings of coal, labor, doctor's bills, repairs, and insurance will soon pay for the outfit.

It will outwear the building. If property is sold, you get back full value of the outfit, or higher rental to cover cost. Ask for book.

INSTITUTE FACULTY ASKED TO RETURN ANOTHER YEAR

Success of Recent Pedagogic Course Spurs Superintendent to Early Action. Best Institute Ever Held Here.

So decided was the success of the county teachers' institute just closed that Superintendent Montoya has decided to re-novate the same faculty for next year. To the generally recognized value of the retention of the same instructor is added in this case a demonstration of conspicuous fitness on the part of all the institute faculty members.

There is a rule of the state board of education that institute instructors shall not be employed in the same place more than two years in succession, which applies to Rev. Dr. Mendel Silber, conductor of this year's institute, but Superintendent Montoya will ask that the rule be abrogated or suspended. It was adopted, he said, today, at a time when conditions were different to those now in force, and is not now necessary.

Dr. Silber was professor of psychology and pedagogics. The other members of the faculty were Miss Jennie Fleming, physical culture; Superintendent John Milne, of the city schools; mathematics; Mrs. A. Kohn, of Las Vegas, music and art; Miss Ruth Bright, of this city, domestic science; Mrs. O'Connor Roberts, principal of the North Fourth street school, one of the best known teachers in New Mexico; Spanish and primary instruction. They have all agreed to come back next year.

"It was the best institute ever held in this county," said Superintendent Montoya today. "The results were the best ever achieved. We can do no better than to have the same faculty again next year."

the end of the institute, two took the full first-grade examination and eight took the third-grade examination. Of the latter three were girls of 15 and 16 who took the examination for "practice."

In Santa Fe no less than thirty-three took the third-grade examination. Bernillo county schools are so well served that most of the instructors by far are holders of higher grade certificates. Mr. Montoya's constant effort has been to eliminate the third-grade teacher entirely.

Eleven teachers took the examination in psychology and pedagogics here to complete their first-grade ranking.

MINE EXPLOSION IN COLORADO, ONE DEAD

Officials Investigating Cause for Accident; Believed to be Result of Gas Pocket or "Bad Shot."

Trinidad, Colo., June 29.—The wrecked shaft of the Royal mine early today yielded up the body of Matt Schmidt, a shot firer, 40 years old, the sole victim of the explosion that occurred last night. That Schmidt was the only victim in the mine at the time of the explosion was the statement of mine officials. The cause of the explosion is unknown.

Schmidt was engaged in firing the shots when he was killed. It is thought that he perished either as a result of a "bad shot" or that he encountered a pocket of gas, which was ignited, but the mine officials declare that no investigation has yet been made to determine the cause.

The body of Schmidt was recovered from a heap of wreckage by a rescue gang in charge of Superintendent Thomas Tweedall and Inspector Harry King after a nine-hour search.

From all appearances death was due to suffocation.

The Royal mine employs about thirty men and had been operating as a non-union mine. After a shut down of one week the latter part of April due to a fire following a clash with strikers, the mine resumed operations in May. The mine is at Aguilar and is operated by the Royal Fuel company.

CONTRACTOR ASKS POLICE PROTECTION

Chicago, June 29.—John J. McLaughlin, the contractor who opened a fight on alleged blackmailing business agents of labor unions here last week, asked for police protection today.

He said that the information as to threats against himself and his property came from such sources that he dared no longer ignore them, and asked for protection for himself and his property.

CREW SLASHED BY WOMAN BELIEVED INSANE

New York, June 29.—When the Anchor line steamship Campana arrived here today three members of the crew were under the surgeon's care as the result of being slashed by a woman passenger, Mrs. Anna Nichol of Glasgow. She is thought to have become temporarily demented and will probably be deported.

TROOPS CALLED TO SUPPRESS PITTSBURG STRIKERS

Disorder Breaks Out Among Westinghouse Employees; Pickets Prevent Persons from Entering Plants.

ARMED GUARDS AND POLICE ARE HELPLESS

Streets Thronged with Excited Workers and Sympathizers When News Reaches Them that Soldiers are on Way.

(By Leased Wire to Evening Herald.)
Pittsburgh, June 29.—Sheriff George W. Richards today called on the state for assistance in the Westinghouse strike and troops of the state constabulary, under Captain L. G. Adams, was ordered to entrain at Greensburg for East Pittsburgh. They should reach the place by 5 p. m.

Sheriff Richards personally visited East Pittsburgh after the outbreak this morning when men were prevented by pickets from entering the electric works, and 400 union switch and signal men, who had returned to work a few hours earlier, struck again. The streets were thronged with excited strikers when the news reached them that the troops were on their way.

Disorder broke out among the striking Westinghouse employees in East Pittsburgh today, pickets surrounding all entrances to the electric works and preventing persons from entering. The presence of twenty armed guards from the plant had no effect on the excited crowds. Deputy sheriffs failed to quiet the people and the local police, reinforced by twenty special officers, could do nothing. Sheriff G. W. Richards arranged to call on the state for help and when a report spread that the Greensburg troops of the state constabulary was on its way to the town the excitement increased.

INDUSTRIAL COMMISSION LOOKS INTO CHILD LABOR

Philadelphia, June 29.—The members of the United States commission on industrial relations which is holding hearings in this city, are giving serious attention to a plan for looking after the welfare of children of school age who are employed in industries. This plan provides for the creation of state bureaus or departments of child relations. The commission intends to present it to those interested at all the hearings it will hold throughout the country with a view of recommending a model law for the states.

The main object of the plan is to bring all work done for children employed in industry under one organization instead of having it scattered among various departments of state and city governments.

EXPLOSION RUINS CAR NEAR HOLBROOK

Holbrook, Ariz., June 29.—Al C. Purdue, of Silver City, just a seven-passenger Studebaker touring car near here several days ago, when Purdue was making an effort to drive through a strip of sand. Pulling in sand, the engine became hot and the gasoline tank was leaking in some manner catching fire. Purdue made a leap for life, reaching safety just as the gas tank exploded, enveloping the car in flames and ruining the machine.

RATTLE SNAKE BITE FATAL TO YOUNGSTER

Gallup, N. M., June 29.—Guerrino Perette, 4 years old, died at his parents' ranch here several days ago as a result of a rattlesnake bite. The boy was playing on the ranch near a clump of bushes, when a snake bit him near the right ankle. Two hours later the boy was given medical aid, but the poison had penetrated the system and death was inevitable.

AMERICAN ENGINEER KILLED IN MEXICO

Washington, June 29.—The death of Thomas Farrell, an American, at the hands of Yaqui Indians at Repose, a few miles from La Colorado, was reported today to the state department by Consul Hostetter at Hermosillo, who stated that it is supposed to have occurred on June 24.

PERSONALS

Charles Melini is building a house on his property at Luna boulevard and Fruit avenue.

Mr. and Mrs. J. Benson Newell and Mr. and Mrs. Bert Skinner spent Sunday in Santa Fe, making the trip in motor cars.

The W. C. T. U. will meet tomorrow afternoon at 3 o'clock at the Y. W. C. A. home. Delegates to the state convention which is to be held at Roswell July 13 and 14 will be chosen.

County Superintendent Atanasio Montoya and City Superintendent John Milne will leave this week for Milwaukee, Wis., to attend the National Educational convention which opens July 4. Mr. Montoya will start Wednesday and Mr. Milne the day after.

THOUSAND PASSENGERS TRANSFERRED SAFELY FROM STRANDED LINER

(By Leased Wire to Evening Herald.)
London, June 29.—The 1,014 passengers on board the Anchor liner California, which went ashore during last night on Tory Island during a dense fog, were successfully transferred today to the Donaldson liner Camandra, and a small coasting steamer without loss of life.

The crews of several British torpedo boat destroyers assisted in transferring the passengers. The California lies in a precarious position on the rocky coast, but it is expected she will be floated as soon as fine weather sets in.

ROOSEVELT FEELING "BULLY," HE DECLARES

(By Leased Wire to Evening Herald.)
Oyster Bay, N. Y., June 29.—"I feel bully, just bully," said Colonel Roosevelt as he mounted his Persian gelding and started off with his son Archie for a long center.

The former president, as a concession to his doctor, who had prescribed a four months' rest, slept an hour later than usual this morning.

RUNAWAY HORSE BREAKS NECK IN TIJERAS CANYON

A team of horses driven by a native became frightened at a motorcycle in Tijeras canyon yesterday and ran away. They headed up the hillside, and one of the horses became entangled in the harness, fell and broke its neck.

SUNDAY ELECTION IN PANAMA IS QUIET

Colon, Panama, June 29.—The municipal election held here yesterday passed off quietly. Only the members of the Liberal party voted and the government combination polled 550 to 282 for the opposition.

The election for representatives to the national assembly will be held next Sunday.

NO TROOPS FOR BUTTE AT THE PRESENT TIME

Washington, June 29.—President Wilson will take no action in the strike situation at Butte, Mont., pending further developments. Federal troops will not be moved from Vancouver barracks to Fort Missoula to be in readiness in case of trouble for the present.

Florence La Badie
And James Cruze

© The Heroine and Hero in
"THE MILLION DOLLAR MYSTERY"

James Cruze, Thanhouser leading man and reporter-hero of "The Million Dollar Mystery," has taken to aviation. Incidentally Florence La Badie also has. Neither has done so of his own accord, but because Lloyd Lonergan wrote an up-in-the-air adventure into the new forty-six reeler.

Mr. Cruze and Miss La Badie said "goodby" to all their friends when the trial trip began. It was successful, however, Mr. Cruze handling the big biplane as easily as he does his automobile. "La Badie, knowing not what fear is, laughed heartily at the dire fears of the onlookers. The flight was made over the water. Inasmuch as Miss La Badie is an expert swimmer, she had no cause to worry.

CHARLES S. MELLE INDICTED TODAY ON A CONSPIRACY CHARGE

(By Leased Wire to Evening Herald.)
Cambridge, Mass., June 29.—Charles S. Mellen, former president of the New York, New Haven and Hartford railroad company; Frederick S. Mosely, a banker, and Ralph D. Gillette of Westfield, were indicted today for alleged conspiracy by the Middlesex county grand jury on a charge of inducing the investment committee of two savings banks in Cambridge to lend money to the Hampden railroad corporation.

MORE NEW MEMBERS FOR COMMERCIAL CLUB

More new members were added to the Commercial club roster today. The committee started out this afternoon and in a short time a dozen recruits were obtained. With that dozen, the total additions to membership obtained so far were 112. Three other committees in as many days added an ever 100 members to the club.

The campaign is going finely," said President C. O. Cushman with evident pleasure this afternoon. Mr. Cushman was out with the committee, full of energy and enthusiasm that recked nothing of shivering heat and burning thermometers. Mr. Cushman's aim is 200 new members for the club, and he means to keep committees—and himself—hunting until the result is accomplished.

ALBUQUERQUE ELKS WIN FROM SANTA FE

The Albuquerque Elks' baseball club journeyed to Santa Fe in automobiles yesterday and trimmed up the Santa Fe Elks, 13 to 12. The locals made most of their runs in the final inning.

TO SAVE EYES

Is the Object of This Free Prescription—Try It If Your Eyes Give You Trouble.

Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other minor ailment, but none for their eye troubles. They neglect their eyes, because the trouble is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses that they do not need, or which, after being used two or three months, do their eyes more injury than good. Here is a simple prescription that every one should use:

5 grains Optona (1 tablet).

2 ounces Water.

Use three or four times a day to bathe the eyes. This prescription and the simple Optona system keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation; weak, watery, overworked, tired eyes and other similar troubles are greatly benefited and oftentimes cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks' use. It is good for the eyes and contains no ingredient which would injure the most sensitive eyes of an infant or the aged. Rubber's drug store or any druggist can fill this prescription promptly. Try it and know for once what real eye comfort is.
